NO. 12

Service Clubs Organize

● ASB PRESIDENT AND SERVICE CLUB HEADS ●

BILL ROGERS, ASB PREXY, gets a good look at the leaders of the various service clubs who will assist him with school functions during the coming semester. Reading left to right are: Rogers, Doris Hibbard, Las Meninas; Bill Warne, Los Gauchos; Pat Klamt, Spinsters; Tom Franklin, Bachelors; Betti Corcoran, Piloteers; Jesse Cooper, Buccaneers; and Jean Etzold, Las Gitanas.

Commence Drive For Pledges With Social Teas and Dinners

Opening the 1947 fall social season, Santa Ana's service clubs next week will plunge into the annual college rushing period.

DANCE DATE SET

The Soph-Frosh dance, formerly scheduled for October 25th, will be held at an earlier date, tentatively set for October 17th. The change in date is necessary because of conflict with the Chaffey game which is scheduled for October 25th.

New Landscape Plans Readied By Architect

A beautiful campus including shady trees, green shrubbery and flowers is not just a dream, according to Lydia C. Davis, landscape designer for Santa Ana college. Mrs. Davis, well-known local landscape architect, has already begun the master-plan for campus grounds, although it has not been determined as yet when actual work will begin.

To Be Useful

"Campus landscaping will be useful as well as ornamental," Mrs. Davis said. She added that plans had to take into consideration the need for a large variety of plants used by botany classes, as well as demands of art and athletic departments. Suitable flowers for holiday decorations must also be included, which will be ready at the right season.

Plant Trees

Landscaping around the semi-permanent buildings now in use will be planned first with quick-growing trees and shrubs as well as lawns. The permanent-building campus will have more extensive development later. Although the building development of the entire college may not be finished for 20 to 25 years, landscaping for the campus will probably be well started by next year.

Union Due For Redecoration

Grand opening for the completely redecorated and refurbished Santa Ana college Student Union has been tentatively scheduled for the third week of October. The exact date of the opening will be determined by the length of time required to construct the furniture.

Patio Behind Union

Tile Asphalt will be used throughout the building, with beige as a predominating color, and green will be used subordinatedly. The college seal will be inlaid in the floor of the lounge. Drapes are to be used on all of the windows. Conventional patio furniture is planned for the patio, which will be located directly behind the Student Union building. A large window will be constructed between the counter-room and the dining room, while an archway will serve as passage between the lounge and diningroom.

Furniture Listed

The lounge is to be furnished with Monterey type furniture, consisting of four couches, four floor lamps, eight end tables, four overstuffed chairs, and four coffee tables.

Carrier Announces 922 Student Entries For Night School

Night school registration has reached 922, Dean Stuart Carrier announced this week as the first semester got underway. This is a gain of 77 students over last year's figure at this time.

Among the new courses offered is one in police methods, taught by Capt. Thomas McGaff, and instruction in citrus and poultry culture by Arthur Palm and Leslie Pollard.

Repeat courses include: architecture by Everett Parks and Gates Burrows; naturalization, instructed by John Dickey and Robert Brown; recreation institute in conjunction with the Orange County Recreation and Planning Commission; and creative writing, Miss Lota Blyth, instructor.

Again this year classes will be held at the tuberculosis ward of the County Hospital for high school and college students. While most of the courses are slated for the new campus, it has been necessary to schedule some for Lathrop and the high school.

Carrier stated that the semester will run until Dec. 11 and that four units are the maximum that may be taken for college credit. If enough interest is shown, plans are being made to keep the library open during evening classes. Day students may use the library facilities at this time.

"Y" Campus Fashion Show Slated Today

The latest in campus fashions from Janie's Dress Shop will be shown in L-2 at 3:30 today under the sponsorship of the YWCA. The purpose of the show is to raise funds to send two delegates to the Y convention at Asilomar during Christmas vacation.

Added attractions, according to the sponsors, will include refreshments before the show starts, a door prize of a gift certificate from Janie's, a demonstration of the fashionable use of scarves this year, and a demonstration of how to use make-up correctly.

Caps and Cards Required at Games

Students who wish to sit in the rooting section at any of the Dons home games, must have an Associated Student card and must wear a red rooters cap, Maurice Gerard, dean of men announced today. The booth outside tunnel seven on the west side of the Municipal bowl will sell rooters caps for one dollar each.

Guests of students may sit in the rooters section by purchasing a general admission ticket, but must also wear a rooters cap. All students must enter through tunnel seven, and general admission tickets may be purchased at gate eight. The Don rooting section is located in the lower part of Sections "B" and "C" on the west side.

Jamie Jemison Will Lead Uniformed Band At Gridiron Tussle

Saturday night's game in the Bowl will be marked by the initial appearance in uniform of the Don's band. Under the leadership of Jamie Jemison the black and gold clad musicians, twenty strong will add support to the Dons' 650 seat rooting section.

Leader Jemison says the band is still in the process of organization and that anyone interested in joining the band is welcome. Present band members include Bob Manning, Bill Shirley, Linda Jones, Carolyn Crane, Bob Anderson, Fred Brear, Bill Haynes, Dale Johnson, Don Anderson, George Simmons, Richard Warner, Dorothy Gommel, Jackie Morris, Pat Williams, Bob Hockaday, George Gaylord, Marion Hale, Richard Salte, June Weaver, and Medlis Main.

Parking Area Ready

The parking area south of the temporary buildings is ready for use. Until a plan is worked out head into the sidewalk and park perpendicularly. Do not park parallel to the sidewalk. Do not double park or park on the south side of the area.

Women's Clubs To Hold Teas

With a party to welcome all freshmen women, the four college service clubs for women will open their social season at 7:30 Monday night, October 6, at the YWCA. The theme of the party will be "the little red schoolhouse" as each freshman girl who has looked in her mailbox during the past week should know.

This party, to which the clubs are expecting a large attendance, will be followed by individual teas later in the week. The Spinsters and Las Meninas will hold their teas on Thursday, October 9th and the Piloteers and Las Gitanas will hold theirs on Friday, October 10th.

School Activities Are Guided By the Executive Council

Responsible for social functions, assemblies and other activities which go to make up a more active campus life, is the student executive board and the appointed commissioners.

Bill Rogers is the first semester president, and he hopes to promote more pep rallies during the current football season. He is affiliated with the Los Gauchos service club.

Associated Student Vice-president is Bill Warne, another member of the Los Gauchos. Joyce Sonneland is the A. S. Secretary, while Vance McCarty of the Bachelors holds the office of Treasurer.

Commissioner of assemblies is Bob Reynolds, Pat Klamt is Social commissioner, Dick Reish is the commissioner of publicity, and Don Ivester has been appointed temporary commissioner of athletics.

New Lathe Procured

Latest piece of equipment to be added to the shop is a huge surplus Navy lathe, estimated to weigh between seven and eight tons. It has a 26 inch swing and a 20 foot bed.

Clubs will meet early next week to look over prospective new members. Bachelors and Buccaneers, men's groups, will gather Tuesday, October 8, while the Los Gauchos get off to an early start Monday.

To Welcome Freshmen

Four women's service clubs, Las Meninas, Las Gitanas, the Spinsters, and the Piloteers, will each congregate at members homes Wednesday evening to welcome freshmen.

Two weeks from Monday, October 20-24, Santa Ana college will witness pledge week, with its oddly-garbed collection of neophytes, and informal club initiations will be staged Friday night, October 24, and Monday, October 27.

Members to Vote

Membership in the women's groups will be restricted to 25, while for the men's organizations it will top 35, which means around 10 new women and 15 new men for each club. Acceptance will be by unanimous vote of present members.

Presidents of the groups include: Pat Klamt, Spinsters; Doris Hibbard, Las Meninas; Jean Etzold, Las Gitanas; Betti Corcoran, Piloteers; Tom Franklin, Bachelors; Bill Warne, Los Gauchos; and Jesse Cooper, Buccaneers.

● ORANGE PICKER ●

SHOWN ABOVE is a huge steam shovel swinging aloft an orange tree which it has just pulled from the ground, roots and all. Site of the picture is the proposed patio, directly behind the Student Union. This is probably one of the worst examples of orange picking ever seen. The steam shovel operator is bound to damage some of the fruit.

Scribe Locates Missing Little Theater In Future Campus Classroom Unit

By Sam Strange

Wandering around the new campus the other day I stumbled into the Little Theater. I came upon it quite by accident while looking over the new classroom unit.

CAPER CORNERS

After musing their way east last Saturday night, many grateful Dons and Donas found refuge at Ted Parker's open house. Among those sharing in a buffet supper, dancing, swimming, and other types of entertainment were Tommy Thomas, Dick McKee, Shirley Meely, Howard Desmond, Joan Wakefield, Bob Kittrell, Beverly Harris, Earl Kilkenny, Gene Moody, and Bob Dickey.

Gathering more fame for Santa Ana's women students this summer was Dorothy Babcock. Dorothy, who was voted Dona of last year's Fiesta, was awarded the title of Miss Poise while competing in the annual beauty contest during the Tournament of Lights at Balboa. Congratulations, Dorothy.

Charlie Barnett's band brought large numbers of quickly recovered first week students trooping to the Rendezvous ballroom last Saturday night. It is impossible to name them all but a few were Jerry Tremble, Peggy Stronge, Jack Lieberman, Helen Pappas, Bill Harwood, Jerry Herron, Don Ivester, Evelyn Wycoff, Bill Rogers, Pat Sullivan, Vance McCarty, Betty McConnell, Shirley Christenson, and Hal Shefflin.

Through the efforts of Miss Agness Todd Miller and Patty Klamt, the after game record session at the Y.W.C.A. proved to be a great success. And since we are speaking in conjunction with football, let's talk about the new rooting spirit at Santa Ana. Viewed from the opposite side of the field, the rooter's caps formed an impressive section. The team is off to a swell start so let's keep this type of support rolling.

Those who remember the the exuberant and vociferous Eddie Lopez, El Dons' sports editor of last year will be pleased to learn that Eddie has the distinction of being one of the youngest sports editors in the country. At the present time Eddie is editing the sports page and doing feature writing for the Madera Daily News.

The Little Theatre is in the southeast corner of the classroom unit. The entrance is on the west side of the building. It has exits into an inner patio and onto the sidewalk on the south. I fell over a pile of lumber into the south exit. Picking myself up, I noticed rows of raised tiers for seats, realizing then that it must be a theatre.

Sagging Ceilings

A topic of conversation lately has been the "droopy" ceilings in the classroom unit. Entering any room in this unit one is immediately possessed by the feeling that it has rained through the roof and that the plaster is bulging, ready to fall. This, however, is not the reason for the sag. The ceiling were made convex to accommodate ventilating ducts.

Gazing at the new cafeteria, imagining the luscious aromas that will soon be wafting from its windows, I unwarily walked ankle-deep into hot asphalt. While extricating myself from this sticky mess I observed that paving of the parking areas has been completed.

Power of Suggestion

About this time I noticed that it was getting hot, and, thinking how good a tub of water would feel, I decided to have a look at the shower rooms. I guess they are shower rooms, at this stage it is hard to tell; but having classified all the other buildings, they were the only thing left.

I was standing there on the road watching the men laying bricks, when suddenly I was engulfed in a cloud of dust and gravel. When the dust cleared away I saw that it was only a truck dumping gravel into a new road bed. I was convinced that the world had come to an end—earthquake and all that stuff.

Well, Whaddya Know

I followed the truck around a big curve, wondering what could possibly happen next, and discovered that I was back on the temporary campus.

P. S.—If they expect me to cover this beat every week, they'll have to take out accident and life insurance on me. My poor old mother, you know.

College Victory Flag Marks Grid Successes

Take a look at our flag pole. What do you see? Flags. Take another look. You see at the top the American flag. Right beneath the American flag is the California State flag and then the Santa Ana College Victory flag.

Back in 1938, this large banner was donated to Santa Ana College. On the flag is inscribed in large letters VICTORY SA-JC.

The purpose of the banner is to herald Don victories for a week following each game in which the Dons were triumphant.

On Mondays, if you are not sure who won the preceding Friday's game, look to the flagpole.

INTRODUCING

Joyce Sonneland

Recording the minutes of the student body meetings this year is Joyce "Sunny" Sonneland, attractive blonde secretary of the Associated Student Body.

After graduating from high school in Omaha in 1944, Sunny worked for the war department for several years before deciding that school is more fun than working. Now she is concentrating for her second year on social science. After finishing at Santa Ana, she plans on transferring to Santa Barbara where she expects to emerge as an elementary teacher although she may decide on social service work.

Sunny is busy on the campus these days. Besides her office with the ASB, she is also Social Chairman of Las Meninas and is contributing as well to the completion of the student union. She looks for more social activities this year than last and says school spirit will reach a new high. Sunny is enthusiastic about California, Santa Ana College and dancing. We're enthusiastic about Sunny.

EVENTS ABROAD

Salinas Junior College

Jean Emery, of Salinas Jaysee, '47 grad, succeeded last year's title of "Miss California," competing for "Miss America," where she took fifth place.

Southern California

S. C. will soon become the second university in the U. S. to have a student chapter of the American Institute of Architecture.

Spirit... 1947

SPIRIT! The intangible force which drives us onward, and gives to us the courage and determination to see a task completed and an obstacle overcome. It endows us with the strength to smile in the face of misfortune and hardship.

Having spirit, we take pride in our home, city, and school. Even though circumstances are such that our school has many disadvantages, and our patience is tried daily, our unbreakable spirit, devotion, and loyalty, will overlook these handicaps, and we will continue to take pride in our college until the new buildings are completed.

Rising on our campus today is undoubtedly the finest junior college in Southern California, if not the entire United States. Around the corner is the day when we will beam with pride when pointing to Santa Ana college. We are to be equipped with all the tools of learning available today; and housed in clean, modern structures.

Yes, it may prove difficult to smile in the face of mud, dust, and constant tumult, but the youth of America has been taught to face and rise above these pitfalls. Once again we will emerge victorious; Our new school is being built for US; let's not let it down!—D.M.

Our Policy

Now that school is well underway, the registration muddle is straightened out, and the victory flag is flying. El Don wishes to state some of its aims for the coming year.

We are a student newspaper and as such will do our best to present student news. In this we need your cooperation. Since it is impossible for the reporters to gather all news of student activities, volunteer information will be gratefully accepted, and given full consideration.

All in all it looks like a good school year. Make the most of it and El Don will do its best to help things along. Back the teams and school activities and Santa Ana college will be much better for it.—B.W.

Librarian Compiles Wartime Scrapbook

Mrs. Lillian Dickson, college librarian, has compiled a scrapbook containing pictures and articles concerning former Santa Ana college students, graduates, and faculty members, who had entered the service.

When pictures and articles were printed in any of the local papers or county papers about any student, former student, or faculty member in the service it was clipped, arranged in alphabetical order or as nearly as possible, and then pasted into the scrapbook being arranged in loose leaf fashion.

Anyone who is particularly interested in reading the treasured book will be allowed to, but much care should be taken in handling it.

Mrs. Dickson worked hard on the scrapbook during the war and credit should be given her on the fine work she did in preserving a record of Santa Ana college men and women who served their country.

EL DON

The official publication of the Associated Students of Santa Ana junior college, Santa Ana, California. Published bi-weekly during the college year while jaycee is in session, except the weeks of quarterly and semester examinations, and issued on the junior college consolidation ticket, the price of which includes \$.50 for subscription to the paper.

Entered as second class matter November 9, 1927, at the post office at Santa Ana, California under the act of March 3, 1879.

El Don Presents Fight Songs, Alma Mater

ALMA MATER

Santa Ana College
Our Alma Mater dear
We will always sing thy praises
With voices loud and clear
All hail to Santa Ana,
For thee we'll do our best,
At thy call we'll throng with shout and song
In alma mater's quest.

Loyal, faithful, true and girded
To uphold thy honored name;
Forever and forever
We'll bear aloft thy fame,
Tho we part and journey onward,
We will still united be;
At thy call we throng with shout and song,
All hail, all hail to thee.

TOUCHDOWN SONG

Touchdown, touchdown
That's what we're waiting for.
We're half crazy,
Yelling for more and more.
We won't give up till we beat 'em
Our boys know how to treat 'em.
We'll be glad, and they'll be sad,
And never come back for more.

FIGHT SONG

Fight for Santa Ana
Fight for S.A.C.
For the Red and Black—Dons
And we'll have a touchdown
Maybe two or three.
So fight for Alma Mater
Old S.A.C. (Yell)
Our team will win again for you and me.

Introducing Index of Instructors and Offices

DR. EDWIN T. FORCE

Dr. Edwin T. Force, newly appointed Santa Ana college history instructor, is a native of Minneapolis, Minnesota. A graduate of Pasadena high school in 1924, he began his college education at the University of Southern California. He received his B. A. degree from the University of Nevada, and earned his M. A. and Ph. D. from the University of California in 1936.

He began teaching in 1937, at high schools and jaysees in and near Fresno. He came south in 1945, for his health, and taught one year at Grossmont high school near San Diego. From there Dr. Force moved to Oceanside jaysee and thence to Santa Ana college. He resides in Carlsbad with his wife and three children but hopes to move to Santa Ana in the near future.

Phillips Heads IR

Bob Phillips has been elected president of the IR club. His assistants are: Marten Kallenberger, vice-president; Gene Moody, secretary-treasurer; and Jim Storey, corresponding secretary.

At the last meeting, June Schneider and Eleanor Skaggs gave a report on a gathering of college IR clubs that they had attended in Los Angeles last week. Dr. Edwin T. Force and Miles W. Eaton are advisers for the group.

YMCA Schedules Fry

Opening the year's activities with a hamburger fry in Santiago Park on October 7, at 5:30 p. m., the college YMCA club has issued an invitation to all interested men students to attend. Tickets are on sale now and may be procured from the following people: Roy Harding, Bill Getty, George Campoin, Bill Dunlop, Ralph Naill.

Dons Seek Third Win Saturday

IN THE HUDDLE

By JEANNE WELTY

Seems as though the majority of the Don sports fans don't realize there are eleven men on the football team . . . they can only count four—quarterback, fullback and left and right halfbacks.

This doesn't mean I think we haven't a superior backfield because it's been pretty obvious this season what good material we have in players like Jack Pickering, Bob Hoyt, Chuck Patterson, Jack Hood, Ralph Freitag, Hal Sheflin, Chuck Daniels and Curt Crawford to name but a few.

But our line has been right in there all the time, and has been tabbed as one of the best in the Eastern conference. Without a strong, alert forward wall, the backfield has little chance of shining. Yet, at the football games, fans always give a yell for a backfield man, but rarely noticed the seven men who are out there blocking, tackling and running interference to help gain a victory for the local eleven.

A glance at the "Unsung Heroes" of the Don Gridders finds: JIM THORNBURG, consistent left end, who was one of the mainstays on the '46 squad. Jim has been picked as one of the best ends in the conference this season, and is the lad who calls defensive signals for the Dons. While prepping at Eagle Rock high, he was picked on the All-City (Los Angeles) eleven.

BILL MCGEE, left tackle, who played for the Dons last year and was chosen All Southern California tackle for the Dons in '44. McGee started for Santa Ana Hi in '43-'44.

JIMMY WALKER, left guard, also playing his second season for the locals, was one of the main cogs on Bill Cole's Santa Ana Saint team in '44 and '45, winning a position on the All-Sunset League squad the latter year.

HAROLD BRISTOW, 220 lb. center, up from Tustin hi team, where he lettered two years. He comes from a long line of football playing brothers, and there is one more following Harrold.

JACK O'CONNOR, right guard, another letterman, making it rough for the Don's opponents. O'Connor played two years for

Miles Eaton Named Basketball Coach

Miles W. Eaton, social science instructor, has been chosen to mentor this season's basketball squad, it was announced recently.

Coming to Santa Ana with an impressive record from Kansas City junior college where he coached for two seasons, annexing one interstate conference championship and sharing the title another year, Eaton plans to establish a strong basketball program here. Prior to serving as assistant coach at Dodge City, Kansas junior college, he lettered in basketball two years at Kirksville State college in Missouri.

Basketball practice will begin the last week in October, with a single conference round, a full schedule of twenty games being on the menu, excluding the Chaffey Invitational Tournament.

Junior college cagers in the United States are organizing for a national play-off in March, with the three top teams in each western conference meeting at Compton to seed the two top teams to be sent to Springfield, Missouri for the final tournament.

San Diego high school in '39 and '40.

MERLE CLEVER, right tackle, who plays first grade ball despite having to wear a shoulder brace. Merle played for the Dons in '44, and was chosen All C.I.F. tackle while at Santa Ana Hi '43.

CARL OBERTO, right end, played a little for the Dons in '44 before entering 'Uncle Sam's Navy, and then came back to secure a starting berth on the '46 eleven. Carl was named on the All Sunset League backfield in '43 while playing for Newport Harbor.

Not to be forgotten is JOHN WARD, line coach, who deserves credit for mentoring the forward wall. Silent John is assisted by GEORGE ROUSSOS, who was named All Southern California tackle while playing for the Dons last season. George is ineligible this year as he played professional baseball last spring for the San Jose state league.

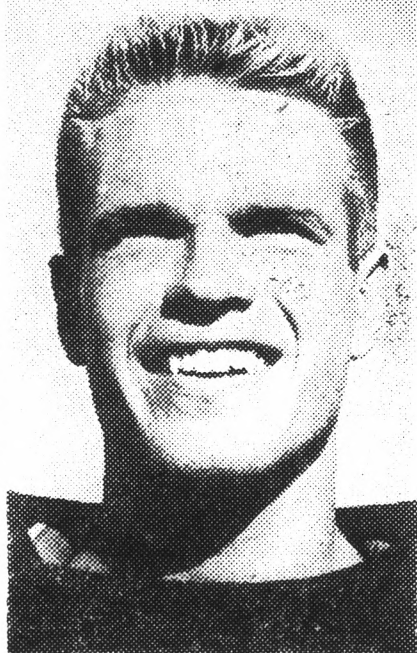

In Mobilgas' Touchdown Tips, Sam Hayes predicts Santa Monica will defeat the Dons 14-13, and he also dropped them from ninth to thirteenth place in the nation.

All you athletes know ELMER BERGESON. Well, I feel kinda sorry for him because he never is asked his opinion of the Don football team . . . he just works. This week I asked Elmer to make a statement and he remarked, "Maybe the school would give me another red hat if Jack O'Connor and Carl Oberto would cut expenses by clipping their toenails so they wouldn't wear holes in their socks and always be needing new ones."

Hoyt, Pickering Dons of Week

First Don-of-the-Week for the 1947 season is Bob Hoyt, 180 pound quarterback, who completed 10 passes in 10 attempts against Oceanside, and scored the Don's first touchdown on an eight yard sweep around end in the opening period.

Hoyt, in addition to his football ability, is a good basketball player, and last year ran the 440 for

John Ward's track team. He attended John Marshall high school in Los Angeles.

Halfback Jack Pickering has been chosen Don-of-the-Week for his part in the Dons 26-19 triumph over Pasadena's Bulldogs in the Rose Bowl last Friday night. Pickering played his usual consistent game, catching passes, blocking well and calling the plays. He also played a brilliant defensive game.

Pickering, an ex-Santa Ana Saint, was on last year's All-Southern California Junior college team, as well as the All-Eastern conference team.

Locals Meet Santa Monica In Bowl at 8 p. m.

Entering the third round of the 1947 grid schedule, Coaches Bill Cook's and John Ward's potent gridders swing into action tomorrow night, 8 p. m., in the Flower street stadium in an attempt to annex their third win from Santa Monica, after defeating Oceanside and Pasadena in their first two encounters.

Coach Curtis Youel's Corsairs, who were defeated by Chaffey junior college, 34-7, last Friday after fumbling eight times in their own territory, hit the gridiron tomorrow night with an all letterman group, and last season's first string line returning, with the exception of Bill Turpin, guard.

Hood Out

Jack Hood, the Don's first string fullback who can always be counted on to gain yardage when he's on the field, was ruled ineligible this week, thus striking a crucial blow to Santa Ana's hopes for a championship team. However, Cook has excellent fullback material in players Hal Sheflin, Ralph Freitag, Ed Schildmeyer, and Chuck Daniels.

"Bulls-eye" Bob Hoyt will probably start at quarter, with hard-running Chuck Patterson and Don Miller, another fine passer bolstering the tail-back position.

At left and right halves will be field general Jack Pickering and Curt Crawford, ace blocker. On the forward wall, Jim Thornburg and Carl Oberto, ends, who have turned in outstanding performances in previous tilts, are certain starters, with Big Bill McGee, bulldozing left tackle paired with Merle Clever at right tackle on the line-up.

Jimmy Walker and Jack O'Connor, fiery guards and Harrold Bristow or Mike Henry at center complete the list of linemen.

Others To See Action

Slated for action are ends Cliff Cole, Don Vaughn, Jay Burgess, and Bob Leonard; tackles Ken Boyce, Bob Miles and Bob Thompson; guards Jimmy Nelson and John Richards; and backs Roy Ward, Loren Meredith, Jack Liebermann, Roger Neth, Buddy Halderman, Cliff Donovan, and Leo Hershman.

Vote for "Don of the Week"

Check the name of the outstanding player on

your team, or write it on a slip of paper—

you know how to do it but . . .

Vote!

Bring your selections to Vandermast's Ballot Box
at the front of the store.
